EXPERIENCE HEAPS OF JOY

With our news in September

UPGRADE
from NEE 1 / NEE 0,6

AVAILABLE WEEK 42

FOR ONE ALL!

The universal power supply
for your devices

Switched Regulated Power Supply

The high-quality switching power supply for a large number of electronic devices.

From cameras to audio equipment to small home appliances, the variable voltage regulator and the various adapter plugs are making it easy. Gone are the days of different power supplies. The compact, robust design, the variety of DC adapter plugs and the long cable are make our power pack the perfect travel partner.

- ▶ **ENERGY SAVING** - Standby power consumption less than 0.1W.
Save idle energy and reduce costs on your electricity bill
- ▶ **EXTENSIVE COMPATIBILITY** - Extremely versatile and practical thanks to the supplied DC plugs as well as USB Type A and USB Type C connections
- ▶ **DESIGN AND CABLE LENGTH** – Compact and space-saving design to freely place your devices

NEE 0,6 AL

600 mA

Output voltage levels:

3-4,5-6V (1A), 7,5V (0,9A), 9V (0,8A), 12V (0,6A)

Dimensions: 68,4 x 38,7 x 31 mm

NEE 1 AL

1000 mA

Output voltage levels:

3-4,5-5V (2A), 6-7,5V (1,5A), 9V (1,3A), 12V (1,0A)

Dimensions: 76,9 x 43,8 x 35,4 mm

Standby power consumption: < 0,1 W

Input: Typ Euro-plug (Typ C, CEE 7/16)

Input voltage range: 100 - 240V AC, 50 / 60 Hz

Output: Type DC socket (universal, 2-Pin)

Cable length: 1,8 m

DC connectors:

2,5mm, 3,5mm, 3,5x1,35mm, 5,0x2,1mm, 5,5x1,5 mm, 5,5x2,1mm, 5,5x2,5mm

USB TypeA socket and USB Type C plug

MAXTRACK[®]

**Must
have!**

THE ANSWER TO DAILY CABLE CLUTTER!

Easy and quick access to the power strip
without the hassle of bending over

MAXTRACK®

Clamp-On Power Strip Holder

Clamp range: 10 - 50 mm, in giftbox

NVZ 1 WL
