PFAS declaration

Per- and polyfluoroalkyl substances (PFAS) form a group of thousands of chemical compounds widely used in many industries. Due to the growing awareness of health and environmental concerns, PFAS are facing increasing scrutiny worldwide. In some countries restrictions on the use of PFAS have already come into force, while in others the necessary requirements are currently being examined.

Hereby, we declare that all our products do not contain any PFAS substances.

Please feel free to contact us at any time should you have any questions.
